## California-American Water Company PRELIMINARY STATEMENT (continued)

F. National Oceanic and Atmospheric Administration Endangered Species Act ("NOAA/ESA")

Memorandum Account

The purpose of the NOAA Memorandum Account is to track compliance payments made by California American Water to the United States Department of Commerce National Oceanic and Atmospheric Administration ("NOAA"), or its designated payee, for Federal Endangered Species Act ("ESA") mitigation in its Monterey District. California American Water will seek recovery of these costs in its future Monterey District general rate case.

G. San Clemente Dam Memorandum Account

(N)

Per the 2005 Monterey General Rate Case Decision issued in A. 05-02-012, all San Clemente Dam retrofit project costs shall be placed in a memorandum account for later reasonableness review. The cost caps for this memorandum account are \$9,379,525 for 2004, \$1,321,590 for 2005, \$1,863,825 for 2006 and \$11,433,000 for 2007, for a total cap of \$23,997,940.

H. Water Revenue Adjustment Mechanism ("WRAM") Emergency Rate Overcollections
Memorandum Account

Per the 2005 Monterey General Rate Case Decision issued in A. 05-02-012, this memorandum account will track all revenues generated if emergency rates are put into effect. Any overcollections will be refunded to customers consistent with the process adopted in D. 05-03-012. Funds from this account cannot be used to pay any State Water Resource Control Board ("SWRCB") fines.

Endangered Species Act ("ESA") Memorandum Account

The purpose of the ESA Memorandum Account is to track costs incurred for compliance with ESA requirements, except for ESA compliance costs associated with the San Clemente Dam retrofit project. ESA fines may not be tracked in this account.

 J. Monterey Peninsula Water Management District ("MPWMD") Emergency Rationing Costs Memorandum Account

The purpose of this memorandum account is to track costs for emergency conservation and rationing billed by the MPWMD as authorized in D. 03-02-030.

K. MPWMD Ordinance 92 Rationing Costs Memorandum Account

The purpose of this memorandum account is to track any costs incurred under MPWMD's Ordinance 92 in the event that rationing is implemented.

# California-American Water Company PRELIMINARY STATEMENT (continued)

#### L. MPWMD Special Conservation Surcharge Balancing Account

(N)

Per the 2005 Monterey General Rate Case Decision issued in A. 05-02-012, a conservation budget not to exceed \$300,000 annually will be collected through a 1% surcharge on customer bills. The \$300,000 is approximately 1% of the 2006 operating revenues of \$30,930,100 authorized in the 2005 Monterey General Rate Case decision. These funds will support additional conservation efforts to be undertaken by MPWMD.

#### M. ERISA Surcharge Balancing Account

Per the 2005 Monterey General Rate Case Decision issued in A. 05-02-012, a monthly surcharge will be applied to customer bills to collect for the minimum ERISA pension payment. The surcharge at this time is 3% and all collections will be tracked in a balancing account. An annual advice letter filing will be made for a surcredit or surcharge based on the final actual payments made for ERISA.

#### N. American Job Creation Tax Credits Memorandum Account

The purpose of this memorandum account is to track all tax benefits received from the American Jobs Creation Act.

#### SPECIAL CONDITIONS

- The boundaries of the three zones in which the above rates apply are as set forth in the Preliminary Statement and delineated on the Tariff Service Area Maps filed as a part of these tariff schedules.
- 2. Any residential customer who has been required to install a Residential Fire Sprinkler System (R.F.S.S.) at their place of residence by local fire ordinances will be allowed to have their monthly service charge reduced by one meter size, provided it has been requested by the customer and verified by the Company that the lower size of meter would be large enough to provide adequate service to the residence. The R.F.S.S. Service is not considered a fire service by the Company, but is considered an oversized general metered service and therefore, only the rules and conditions of service for general metered service apply.
- 3. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is based on a percentage of the gross revenues of each bill. The percentages are as follows: Ryan Ranch 2.05%, City of Pacific Grove 0.10%, City of Carmel-by-the-Sea 2.15%, City of Seaside 1.00%, City of Del Rey Oaks 0.11%, City of Sand City 0.14%, City of Monterey 1.05%, and unincorporated areas of Monterey County 1.00%.
- Customers must apply with the Company for acceptance into the Program for Alternate Rates (PAR). Company will analyze applications based upon proof of acceptance into the California Alternate Rates for Energy Program of Pacific Gas and Electric.

#### SPECIAL CONDITIONS (continued)

- 5. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
- 6. The per capita design shall remain in effect and until ordered otherwise by the Commission.

#### Residential customers:

The Equivalent Consumption Unit (ECU) is determined by taking into consideration the following factors: a) the number of people in the household; b) the size of the lot in which the home is constructed; and c) an allotment for large animals. The monthly ECU calculation is as follows:

- Determine the base allotment for the number of people using the table below.
- b. Apply the lot size adjustment for winter and summer months.
- c. Apply the allotment for large animals.
- d. Add up the allotments from (a), (b) and (c). Divide the sum by two to determine the block width for each of the first two blocks.

(C)

(C)

e. For the last three blocks, add up the allotments from (b) and (c). Divide the sum by two to arrive at the block width for each of the final three blocks

- 2. The installation housing the detector type check valve and meter and appurtenances thereto shall be in a location mutually agreeable to the applicant and the Utility. Normally such installation shall be located on the premises of applicant, adjacent to the property line. The expense of maintaining the fire protection facilities on the applicant's premises (including the vault, meter, detector type check valves, backflow device and appurtenances) shall be paid for by the applicant.
- 3. All facilities paid for by the applicant, excluding the connection at the main and any service pipe located in a public right-of-way, shall be the sole property of the applicant. The Utility and its duly authorized agents shall have the right to ingress to and egress from the premises for all purposes relating to said facilities.

California-American Water Company Schedule No. MO-4 (continued) Monterey Peninsula District Tariff Area PRIVATE FIRE PROTECTION SERVICE

#### SPECIAL CONDITIONS (continued)

- The minimum diameter will be 1 inch, and maximum diameter will be the diameter of the main to which the service is connected.
  - a. The minimum diameter of connections for private fire hydrants will be six inches.
- 5. If distribution main of adequate size to serve a private fire protection system in addition to all other normal services does not exist in the street or alley adjacent to the premises to be served, then a main from the nearest existing main of adequate capacity shall be installed by the Utility, or under the Utility's direction, and the cost paid by the applicant. Such payment shall not be subject to refund.
- 6. Service, hereunder, is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction. All facilities are to be installed according to the Utility's specifications and maintained to the Utility's satisfaction. The Utility may require the installation of a backflow prevention device and a standard detector type meter approved by the Insurance Services Office for protection against theft, leakage or waste of water.
- 7. No structure shall be built over the fire protection service and the customer shall maintain and safeguard the area occupied by the service from traffic and other hazardous conditions. The customer will be responsible for any damage to the fire protection service facilities.
- 8. Subject to the approval of the Utility, any change in the location or construction of fire protection service as may be requested by public authority or the customer will be made by the Utility following payment to the Utility of the entire cost of such change.
- Any unauthorized use of water other than fire protection purposes, charges shall be made therefore at the regular established rate for general metered service, and/or may be grounds for the Utility discontinuing the fire protection service without liability to the Utility.
- 10. Customers who use Cal-Am's system to provide for fire flow, but do not receive their domestic supply from Cal-Am, will pay a special Private Fire Service rate equal to either the higher of the standard rate for their size service or a rate equal to the sum of the standard monthly Service Charges that would be billed for all the properties served by the Private Fire Service if they did receive domestic service. All fire service to non-domestic customers will be considered private fire service. If a new public fire hydrant is required to be installed for a non-domestic customer and other customers will benefit, no fee will be charged.
- 11. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
- Due to an over collection in the Water Revenue Adjustment Mechanism Balancing Account, a
  monthly meter surcredit will be added to all Private Fire Service connections for a 36 month period beginning
  May 5, 2006 per Advice Letter 645.

# Rule No.11 <u>DISCONTINUANCE AND RESTORATION OF SERVICE</u> (continued)

#### B. 2. For Noncompliance with Rules

The utility may discontinue service to any customer for violation of these rules after it has given the customer at least five days written notice of such intention. Where safety of water supply is endangered, service may be discontinued immediately without notice.

#### 3. For Waste of Water

- a. Where negligent or wasteful use of water exists on a customer's premises, the utility may discontinue the service if such practices are not remedied within five days after it has given the customer written notice to such effect.
- b. In order to protect itself against serious and unnecessary waste or misuse of water, the utility may meter any flat rate service and apply the regularly established meter rates where the customer continues to misuse or waste water beyond five days after the utility has given the customer written notice to remedy such practices.
- 4. For Unsafe Apparatus or Where Service is Detrimental or Damaging to the Utility or its Customers.

If an unsafe or hazardous condition is found to exist on the customer's premises, or if the use of water thereon by apparatus, appliances, equipment or otherwise is found to be detrimental or damaging to the utility or its customers, the service may be shut off without notice. The utility will notify the customer immediately of the reasons for the discontinuance and the corrective action to be take by the customer before service can be restored.

#### 5. For Fraudulent Use of Service

When the utility has discovered that a customer has obtained service by fraudulent means, or has diverted the water service for unauthorized use, the service to that customer may be discontinued without notice. The utility will not restore service to such customer until that customer has complied with all filed rules and reasonable requirements of the utility and the utility has been reimbursed for the full amount of the service rendered and the actual cost to the utility incurred by reason of the fraudulent use.

#### C. Restoration of Service

#### Reconnection Charge

Where service has been discontinued for violation of these rules or for nonpayment of bills, the utility may charge \$10.00 for reconnection of service during regular working hours or \$15.00 (\$ 50.00 for Monterey, Larkfield, Sacramento, Coronado and Village (C) Districts) for reconnection of service at other than regular working hours when the customer has requested that the reconnection be made at other than regular working hours.

# Rule No.11 <u>DISCONTINUANCE AND RESTORATION OF SERVICE</u> (continued

Low-income customers enrolled in the Program for Alternative Rates ("PAR") in the Monterey district will not be charged a reconnection fee. Customers who face the fee and reside in the area the PAR program is offered will be notified of the PAR program at the time the reconnection is made.
